The bonds are unsubordinated obligations issued as covered bonds (obligasjoner med fortrinnsrett) in accordance with Chapter 11, Sub-chapter II and appurtenant regulations of the Financial Undertaking Act and rank pari passu among (i) themselves, (ii) any other bonds issued by the Issuer that have been given the same preferential rights to the Cover Pool and (iii) any obligations of the Issuer to counterparties under derivative contracts, if any, as referred to in Section 11-8 (1) (e) of the Financial Undertaking Act that have been provided the same preferred rights to settlement against the Cover Pool.

To the extent that claims in relation to the bonds, other covered bonds and relating derivative agreements (both as registered in the Cover Pool Register) are not met out of the Cover Pool, the residual claims will rank pari passu with the unsecured and unsubordinated obligations of the Issuer, save for those preferred by law.

The bonds are unsecured. In accordance with the Financial Undertakings Act, the bonds, together with any other assets as set out in Clause 3.2 (Status) in the Bond Terms which are registered in the Cover Pool Register at any time, shall in the event of bankruptcy, negotiation of debt under the Bankruptcy Act, winding up of the Issuer or public administration of the Issuer, have an exclusive, equal and proportional preferential claim over the Cover Pool.

*If any discrepancy should occur between this Loan Description and the Loan Agreement, then the Loan Agreement will apply.*

<b>Loan Agreement:</b> <sup>1)</sup>	<p>The Loan Agreement will be entered into between the Issuer and the Trustee prior to Disbursement Date. The Loan Agreement regulates the Bondholder's rights and obligations in relations with the Issue. The Trustee enters into this agreement on behalf of the Bondholders and is granted authority to act on behalf of the Bondholders to the extent provided for in the Loan Agreement.</p> <p>When bonds are subscribed/purchased, the Bondholder has accepted the Loan Agreement and is bound by the terms of the Loan Agreement. If subscription is made prior to finalisation of the Loan Agreement, the subscriber is deemed to have granted authority to the Trustee to finalise the Loan Agreement. For tap issues, the Loan Agreement will apply for later issues made within the Borrowing Limit. The parties' rights and obligations are also valid for subsequent issued bonds within the Borrowing Limit.</p>

<b>Disbursement Date:</b> <sup>3)</sup>	Payment of the First Tranche / Loan Amount takes place on the banking date ahead of the Disbursement Date as agreed with the Manager(s). <b>Expansions – Tap Issues:</b> <sup>2)</sup>	For Tap Issues the Issuer can increase the loan above the First Tranche/Loan Amount. <b>Issue price – Tap Issues:</b> <sup>11)</sup>	Any taps under the Tap Issue will be made at market prices.
<b>Interest Determination Date:</b> <sup>7)</sup>	2 Business Days prior to Date of Interest Payment Date
<b>Interest Determination:</b> <sup>6)7)</sup>	<p>The regulation of the Interest Rate is effective from each Interest Payment Date. The new interest rate is determined on Interest Determination Date based on NIBOR with additional margin. If the Interest Rate becomes negative, the Interest Rate is set to zero.</p> <p>The new interest rate and the next interest term/period will be notified the Bondholders in writing through the Securities Depository. The Trustee and Nordic ABM shall also be notified immediately.</p>
<b>NIBOR – definition:</b> <sup>5)</sup>	<p>(Norwegian Interbank Offered Rate) Interest rate fixed for a defined period as distributed by Global Rate Set Systems (GRSS) at approximately 12.00 (Oslo time) on Interest Determination Date. In the event that this rate is not available, either a linear interpolation between the two closest interest rate periods using the same number of decimals, or another available interest rate for deposits for similar currency and period. If none of the above is available, the interest rate will be defined by the Bond Trustee in consultation with the issuer. In this latter case the rate will be set to the rate that is generally accepted by market participants as replacement for NIBOR or a rate that reflects the interest rate offered in the deposit market in NOK for the relevant Interest Period.</p> <p>NIBOR is calculated to two Business Days prior to every Interest Payment Date, rounded to the nearest hundredth of a percentage point, for the Interest Period stated. NIBOR applies with effect from each Interest Payment Date to the next Interest Payment Date. If NA is specified, Reference Rate does not apply.</p>
<b>Interest Period:</b> <sup>9)7)</sup>	The interest is due in arrears on the Interest Payment Date. The first interest period matures on the first Interest Payment Date after the Disbursement Date. The next period runs from this date until the next Interest Payment Date. The last period of interest ends on Maturity Date.
