KLIMAKOMPENSERT
VIRKSOMHET

KLIMASERTIFIKAT 2020

CEMAsys' Klimasertifikat™ er herved utstedt som et bevis på kjøp av klimakvoter for frivillig kompensasjon for egne klimagassutslipp. Klimakvotene har blitt utstedt i tråd med de relevante standardene sine protokoller og kan spores i registeret med sitt unike serienummer. Dette forhindrer dobbelttelling og at de kan selges flere ganger.

Selskap	KLP
Kvotene dekker	Klimakompensering for egen virksomhet 2019
Volum (tonn CO_2e)	664
Type	VCU (Verified Carbon Units)
Utsteder	VSC
Prosjektnavn	Mangrove Forest restoration project in Thor Heyerdahl Climate Park, Myanmar
Prosjektreferanse	https://www.vcsprojectdatabase.org/#/project_details/1764

Klimakvotene er permanent slettet fra markedet slik at de ikke kan benyttes igjen.
For mer informasjon, se prosjektbeskrivelsen.

VCS VERIFIED CARBON STANDARD

A Global Benchmark for Carbon

As of 2019, the first phase of the park has been restored back to its original health with 5.1 million trees (newly planted and rescued) and 3,6 million tons of CO2 has been documented for VCS registration so far. The project's survival rate of plants is 86 percent, which is far above the average rate of other projects.

The project has also created up to 100 new jobs for the local population in aquaculture and strengthened the local sustainable development with emphasis on women development in MaGyi community.

The success has led to requests from several communities and regional governments for new projects.

With increased financial support, there is no limit for scaling up our activities, and the contributions are therefore of great importance
